# ***CALVARY CONNECTIONS***

## **Norma Glover**

I was born in Springdale, AR in the house that I grew up in. I was number 6 of the 12 children [7 boys & 5 girls]. We were poor, but had everything we needed. My primary job around the house was to mop and wax all the floors. Some childhood memories were Melvin and I walking to school and Mama making me wear long brown stockings to keep warm. We had big & fun family gatherings at the holidays. Mom always made sure we went to church, we would walk almost three miles each way to the church. I was saved at 12 years of age. My first job was babysitting, when I turned 12 and then later as a waitress, until I finished school. I got married to my first husband at 19 and had two beautiful girls, but later divorced. Later, I re-married and was married for 42.5 years until my husband passed away. My greatest accomplishments are my daughters, granddaughter, and great grandchildren. I have worked in the Transportation industry for 54 years, dealing with drivers and customers, acquiring and dispatching loads, payroll, human resources, and even driving the truck. My former husband and I owned a Kenworth with a 52 ft trailer. We have traveled all 48 states. I loved everything about it! Some surprising things to know about me 1) I owned a 750 Honda [fully-dressed out] motorcycle for 10 years. One time, I drove to Myrtle Beach, SC [3,800 miles] with my friends. 2) I used to roller skate with my in-line skates. I would go up and down the streets with my family. I could skate backwards and do all kinds of jumps & tricks. 3) Through the years, I loved fashion, specifically clothes, shoes and jewelry. At one point in my life, I had at least 300 pairs of shoes[box included] which were color coordinated and I knew where every pair was located. 4) My hair has been snow white since I was 32 years old. 5) I used to collect angels, until I sold my home. 6) I have not bought a new vehicle since 1990, but recently splurged on a Buick Encore.

I came to Calvary to visit, since my brother Ronnie went there. I loved the singing and Pastor Clark. I served nine years in the Kitchen Ministry and enjoyed that so much. I keep my faith strong by prayer and being faithful to church. I am now 84 and not in great health, but I still try to attend as much as possible. I pray daily for my family, the sick, church and Pastor. I want my legacy to be known as someone who loved God and was a good lady.

# ANNOUNCEMENTS
