CALVARY CONNECTIONS

Jason Reddish

I was born in Fayetteville, Arkansas. Some of my best childhood memories were with family at the lake, every weekend on the boat and water skiing. The most influential people in my childhood were my parents and Jim & Norma Swanson. My chores included mowing the yard and burning the trash. I always wanted to be a truck driver when I grew up- just like my Dad. My first job was at Hydro Dynamics cutting fittings off old hoses when I was 14 years old. I am currently a Life Safety Rep for Johnson Controls and used to be a technician for a total of 20 years.

I met my wife, Kelly through my sister [child-hood friends] and reconnected here at the church. Our keys to a successful marriage are communication & God. I have one stepson that is now 20. As a family we enjoy traveling, camping and riding the side by side. Kelly Reddish is one of my greatest accomplishments in life.

The most important lesson I've learned in life is to live life to it's fullest and never take anyone in your life for granted. Advice to my younger self? Spend time talking and listening to your grandparents, and take better care of your body, teeth, hearing and eyes. The only regret I have in life is not spending more time visiting grand parents. Biggest achievement? Making God #1 and allowing him to help me be successful in life and having an awesome wife & life.

My core values that guide me are to "Do unto others as you would have done to you." I handle tough times through prayer and support from my wife.

I started coming to Calvary at the age of eight, in 1981. I became best friends with Greg Phifer and that is what got me into church. I have been a member of the church for several years. I did stray from time to time, but always came back as this is most definitely home. Jim and Norma always sang, and one time they asked me to get up and sing with them back when we were still in the original building and I have been doing it ever since. I was probably 17 or 18 years old. It is one of my greatest passions to be able to sing for the Lord and feel that I will do it as long as I am physically able to do so. I love this church and I have seen it grown into what it is today over the past 44 years, and it just keeps getting better.
